

# Free Trial License

Please carefully read this document before any download. We recommend you to keep a copy for future reference.

## Abstract

You can download test versions of all of our fonts by completing the form at the top of our website's "Trial" page. You will be able to instantly download our beloved "Trial Fonts Package"—your free ticket to our entire catalog. By doing so, you automatically agree to this binding Free Trial License (FTL) and to Apex End User License Agreement (EULA).

Trial fonts can only be used for testing purposes and pitches, in order to help you decide if the font is suitable for your needs before purchasing a commercial license. Any published or accessible work, online or offline is strictly prohibited (including social media posts and student work).

## 1 Grant of license

Apex Type Foundry ("Apex") grants you a non-exclusive, non-transferable, and revocable license to use the Trial Fonts for evaluation and prototyping purposes only. By downloading or installing the Trial Fonts Package, you agree to be bound by the terms of this agreement.

## 2 Permitted usage

You are permitted to use the Trial Fonts solely for internal testing and creating mock-ups for "pitching" or presentation purposes. This includes:

- Creating "dummy" layouts for print or digital media
- Presenting design concepts to clients for approval

## 3 Prohibited usage (restrictions)

The Trial Fonts may not be used in any final, public, or commercial production. Prohibited uses include, but are not limited to:

- Commercial work: any project for which a fee is charged or that generates revenue
- Production: final print runs, live websites, mobile apps, or broadcast media
- Modification: you may not decompile, rename, modify, or wrap the font files in any way
- Distribution: you may not share, sell, or redistribute the font files to third parties

## 3 No warranty

The Trial Fonts are provided "as is" without warranty of any kind. Apex shall not be liable for any damages resulting from the use or inability to use the Trial Fonts. The fonts family names are suffixed with "TRIAL" to help you quickly identify them in your software(s) of choice and differentiate them from the licensed ones.

**5 Character set**

**6 Termination and upgrading**

This license automatically terminates if you violate any of its terms. If you or your client wish to use the Trial Fonts for a live or commercial project, you must purchase the appropriate license(s) from the Apex website.

---

**7 Ownership**

Apex Type Foundry remains the sole owner of all intellectual property rights, copyrights, and trademarks related to the fonts.
